Andy,

Hope I wasn't out of line, but I mentioned the interest/concern for MCHM and plastic pipe at one of our internal briefings last week. So now folks are curious about this.

Can you tell me more about your work, what you suspect is occurring and plans for sharing information?

Appreciate anything you can share now and please, if certain aspects need to be kept internal to EPA and/or OSHA, I will handle the information carefully.

Patti Kay
